NEW! Rubber Armor Scopes

BARSKA'S Contour Series has always been the scopes of choice for shooters looking for compact size and low magnification making them adaptable to a wide variety of shooting activities --- from pistols to shotguns to rimfire and even crossbow hunting. Engineered with extra rigid construction, Contours perform with accuracy and dependability time after time. We've added two new models that take Contour performance even farther --- a new 3-9x40 IR (Illuminated Reticle) and 3-9x40. Both are completely black matte rubber armor protected. The 3-9x40 IR is an outstanding military/law enforcement scope that is equipped with a BDC (Bullet Drop Compensation) turret as well as a side mounted rheostat with eight settings. Both scopes also feature fast focus for accurate and precise focusing. Includes Weaver-style rings and lens covers. Backed by BARSKA's Limited Lifetime Warranty.

NEW! Crossbow Scopes

BARSKA'S new Contour Crossbow 3x32 compact sights give the crossbow hunter or sport shooter the quick target acquisition and precision accuracy that are so crucial. Model AC11332 IR features a red illuminated rangefinding reticle and the side mounted click stop rheostat knob adjusts reticle brightness for either color to five different levels. Models AC11238 IR also has a rangefinding reticle with three center lit dots. The five brightness levels of these dots are also adjusted by a side mounted rheostat knob. Windage and Elevation are finger click adjustable and the rear focus ring makes focusing quick, smooth and precise. Like the other Contour models, these new scopes feature long eye relief, fully coated optics and are 100% waterproof and fogproof. Select models include a set of Weaver-style rings and lens covers. Backed by BARSKA's Limited Lifetime Warranty.

Model #	Magnification	Objective Lens (mm)	Reticle	Field of View (ft@100yds/m@100m)	Exit Pupil (mm)	Eye Relief (inch)	Click Value	Tube Diameter	Finish	Weight (oz.)	Length (inch)
AC11326	3-9x	40	4A, Mil-plex IR	12.5-37.7	4.4-13.3	3	1/2	30mm	Black Matte	14.81	8

AC11328	3x	32	Crossbow 3 dot light	31/10.5	10.37	3.5	1/4	1	Black Matte	14.81	8.5
AC11332	3x	32	Crossbow Duplex IR	31/10.5	10.37	3.5	1/4	1	Black Matte	14.81	8.5

COMPACT

Contour scopes

Performance that doesn't stop short. BARSKA's Contour series meets the hunter's demands by combining performance and innovation in a compact riflescope without sacrificing ruggedness, dependability and craftsmanship. Contour scopes offer low magnification combined with long eye relief making them ideal for close range action - from cross-bow hunting to pistol shooting even down to simple rimfire action. Contours are engineered with extra rigid shockproof construction to handle the demands of pistols, shotguns and other types of high recoil firearms. This series is a clear winner for various types of shooters and hunters in the field.
