</tbody>
</table>

**Battery:**
1. Unscrew battery compartment cover
2. Insert one new CR-2 lithium battery - negative end first
3. Screw battery compartment back into place
4. The indicator lights (see item #6) will flash when the battery is low

**Handgun Mounting:**
1. Use included Allen wrench to loosen some of the screws on the side of the rail mount
2. Slide laser sight on to hand guns lower frame rail
3. Tighten the screws back into place

**Rifle Mounting:**
1. Use included Allen wrench to loosen some of the screws on the side of the rail mount
2. Slide laser sight on to rifles weaver/picatinny rail, ideally on rifles bottom rail
3. Tighten the screws back into place

**Using the Laser:**

**Turn Unit ON**
Push power button located under the body of the laser.
Note laser will NOT be on, indicator lights will be on

**Laser Mode**
Tap mode button located on either side of the laser once to turn the laser on
Tap mode button again to turn laser off

**Strobing Mode**
1. Tap power button to turn the laser on
2. Hold down and release mode button to turn on strobing mode
3. Tap the mode button to turn off the strobing

**Turn Unit OFF**
Push power button located under the body of the laser

**Memory Function**
The unit retains the last mode that was used when the unit was turned off.

Example: If the unit was in strobing mode when it was turned off the next time the unit is turned on and the mode button is tapped once the laser will be in strobing mode.

To get back to regular laser mode, while the laser is on hold down mode button till the laser stops strobing

**Windage and Elevation Adjustment:**

The windage and elevation adjustments are located on the side and under the laser. (See item #6 and #7) Use the included Allen wrench to turn the adjustments screws clockwise or counter clockwise.

The elevation screw will move the laser dot up or down
The windage screw move the laser dot left or right

**Zeroing:**

Using the windage and elevation adjustments zero the laser dot in at the set distance you will be targeting. When changing shooting distance you will need to reset the elevation (Reset both W/E if the laser is side mounted)

**1 YEAR LIMITED WARRANTY**

BARSKA® Optics, as manufacturer, warrants this new precision optical product to be free of original defects in materials and/or workmanship for the length of time specified by this warranty. This warranty does not include damage caused by abuse, improper handling, installation, maintenance, normal wear-and-tear, unauthorized repairs or modifications and tampering in anyway.

This warranty is limited to the original purchaser and is not transferable. This warranty applies only to products purchased in the United States of America and Canada.

In the event of a defect within 30 days, the consumer must return the defective unit to the BARSKA dealer (the place of purchase) at his/her own expense.

Beyond 30 days, BARSKA products should be sent to the following address for warranty repairs. Products must be packed carefully and sturdily to prevent damage in transit, and returned freight prepaid to:

BARSKA
855 Towne Center Drive
Pomona, CA 91767

For additional and updated information please visit our website at www.barska.com

Please email info@barska.com or call 1-888-666-6769 for Return Merchandise Number (RMA) before any returns.

NOTE: All merchandise received without a valid RMA # will be returned to shipper at his/her own expense.

Please include all of the following when returning BARSKA products for service and/or replacement:

1. Please write your complete details (Name, Address, Telephone #, E-mail address, RMA#, etc.)
2. Purchase receipt or Proof of Purchase. (Original/Copy)
3. A brief explanation of the defect.
4. A Check/Money Order of $20.00 to cover inspection, shipping and handling.

*Please allow 6-8 weeks for delivery.

This product will either be replaced or repaired at the discretion of the warrantor. If it’s a discontinued item, we will replace the product with an equivalent product. Should the repair not be covered by this warranty, an estimate will be sent for your approval. Non-warranty repairs or refurbishing of your optical products are always provided at a reasonable cost.

BARSKA® Optics shall not be liable for any consequential, incidental and/or contingent damages whatsoever. We will not pay shipping, insurance or transportation charges from you to us, or any import fees, duties and or taxes. This warranty supersedes all previous BARSKA® Optics warranties.
