User Manual For AK Side Mount

The AK Side Mount is a bracket that allows you to mount a scope, sight, laser, etc. onto rifles with a Weaver mount, that have side fastening lugs on the gun barrel’s body (AK, SKS, and Dragunov etc.)

Parts of the AK Side Mount

A. Latch and Lock
B. Spring
C. Locking Plate
D. Fastening Nut
E. Weaver Accessory Rail

Accessories Included

- Allen wrench (7/64)
  for the weaver accessory rail (E):
  Clockwise to tighten
  Counterclockwise to remove
- Allen wrench (5/64)
  for the latch and lock (A):
  Clockwise to tighten
  Counterclockwise to remove

How To Mount the AK Side Mount

1. Turn the latch (A) towards the back until the position is “unlock”.
2. Slide the mount with the open locking plate (C) onto the rail on the side of the rifle.
3. Turn the latch (A) forward until it is “locked,” you will hear the latch and lock click.
4. If you can’t slide the mount onto the rifle’s rail
   - The lever is in the “unlock” position, but the locking plate is not.
   - The mount is not tight on the rail after being locked, you need to adjust the locking plate.

How To Remove the AK Side Mount

1. Turn the latch (A) towards the back until the position is “unlock”.
2. Slide the mount off the rail on the side of the rifle.

Care and Maintenance

1. Wipe the side mount with a clean rag that is slightly moistened with petroleum-based oil or rifle oil.
2. Store side mount in a dry cool environment.

Adjusting The Locking Plate

1. Push the locking plate up (C) towards the spring (B) until it releases the fastening nut (D) from the stopper in the back of the locking plate (C).
2. Hold the locking plate (C) in this position and regulate the tightness of the fastening nut:
   - If the mount is not tight on the rail, screw the fastening nut (D) clockwise until it is tighter;
   - If the locking plate (C) sticks out in the open position and prevents the mount from sliding onto the rail unscrew the nut (D) counter-clockwise;
   - Return the locking plate (C) to it’s normal position and try to fit it on the rail. Repeat adjustments if necessary.
3. Ready to attach a scope, sight, laser, etc. to the Weaver rail (E).

How To Attach a Scope

1. Locate the Weaver accessory rail (E) on the side of the rifle.
2. Slide the mount with the open locking plate (C) onto the rail on the side of the rifle.
3. Turn the latch (A) forward until it is “locked,” you will hear the latch and lock click.
4. Counterclockwise to remove
   - Allen wrench (5/64)
     for the latch and lock (A):
     Clockwise to tighten
     Counterclockwise to remove
5. If the locking plate (C) sticks out in the open position and prevents the mount from sliding onto the rail unscrew the fastening nut (D) from the stopper in the back of the locking plate (C).
6. Return the locking plate (C) to it’s normal position and try to fit it on the rail. Repeat adjustments if necessary.

NOTE: The quick detachable Weaver AK Side Mount is designed to maintain zero after multiple re-attachments.

WARNING
BE CERTAIN THAT YOUR FIREARM IS NOT LOADED AND POINTED AWAY FROM YOU IN A SAFE DIRECTION.
PRACTICE SAFE FIREARM HANDLING PROCEDURES AT ALL TIMES.

USE OF EYE AND EAR PROTECTION IS RECOMMENDED.

1 YEAR LIMITED WARRANTY

SHOOTING ACCESSORIES

BARSKA® Optics, as manufacturer, warrants this new precision optical product to be free of original defects in materials and/or workmanship for the length of time specified by this warranty. This warranty does not include damage caused by abuse, improper handling, installation, maintenance, normal wear-and-tear, unauthorized repairs or modifications and tampering in anyway.
